

# We Are RELIVE

RELIVE

No matter where you are on your liver transplant journey, we are here for you.  
You Are Not Alone.

a 501(c)(3) nonprofit organization.  
Tax ID: 30-1363882

Despite having been Altadena-based, and therefore displaced after losing our home and workspace to the Eaton Fire on January 7th, 2025, we have not only held fast and persevered, we have continued to thrive and grow.

To note, our reach is fully nationwide and international, whilst our standards of nation-leading excellence remain undiminished.

- RELIVE is proud to be recognized by UCLA, UNOS and the American Liver Foundation.
- We continued to provide hundreds of hours of online support groups and free one-on-one counseling sessions.
- Received referrals from across the US, Canada and Europe- from families, physicians, social workers, hospitals and the ALF.
- We have advocated directly and successfully for AUD & SUD liver patients in dire need of transfers to transplant centers for emergency evaluation; opinions terminal in outlook became portals to life.
- We offered our support and care during times of grief for the families of loved ones who were unfortunate to not reach their hoped for outcome. RELIVE's Legacy Group is the only one of its kind in the nation.

As we take a moment to reflect, it is the generosity and support of our Donors that made it possible for us to continue and expand our reach to serve over 600 patients and loved ones suffering from liver failure across the world, regardless of cause.

Looking forward, it is our sincere hope that we can grow our organization and our programs. Donations sustain our lifesaving work, making a direct impact on our community. Thank you for standing with us and for making a difference in the lives of those we serve.

With Love and Gratitude,  
Trent Ford and Natalie Cohen

# Testimonials

"RELIVE was a tremendous help to my Caregiver during my transplant journey.. once I left the hospital, I received a direct call from RELIVE. I could not imagine navigating this new life without the love and support of RELIVE." -Post-Transplant Patient

"I feel the most vital part is not feeling so alone. It feels like someone is there with you all the time." -Pre-Transplant Patient

"The healing does not end when you are discharged from the hospital. RELIVE provided a seamless transition. My first RELIVE meeting completely changed my outlook during the beginning stages of my recovery." -Pre-Transplant Patient

"RELIVE was crucial during a time when it would have been easy to lose hope. They provided the missing pieces of spirituality, hope, community and understanding that we were so desperately needing." -Caregiver

"Before being in groups and one-on-one (counseling), I felt like I was the only one dealing with these kinds of issues. RELIVE has brought me out of the dark and into the light. My forever family." -Post-Transplant Patient

"Both meetings I attend almost always. They are very helpful and informative. I feel a sense of second family and look forward to attending." -Pre-Transplant Patient

"As a caregiver, the RELIVE group meetings were and are a godsend. RELIVE helped me deal with the overwhelming "emotional roller coaster". RELIVE then helped with the long process of our loved one getting the transplant and the arduous journey of post-surgery recovery." -Caregiver
